## RELIEF DRIVE STARTS

### THIS YEAR'S GOAL SET AT \$70,000

The 1992 Navy-Marine Corps Relief Fund Drive for the Naval Postgraduate School and its tenant commands in the Monterey area starts this week and will continue until Sat., June 6.

The fund drive intends to inform Navy and Marine Corps personnel of the vital services the society renders and to solicit voluntary contributions.

Since its founding in 1904, the Navy Relief Society has been a principal source of emergency assistance to members of the Navy and Marine Corps, both active and retired, as well as their dependents and survivors.

The Navy Relief Society responds with aid in the form of interest-free loans, grants or gratuitous service.

This year's goal of \$70,000 exceeds last year's contributions of \$65,467 by seven percent. The command's progress will be tracked weekly on a sign posted at the 9th Street entrance.

Project officers and campaign leaders attended the kickoff meeting Tuesday to receive their indoctrination by this year's activity chairperson, Ensign Troy McClelland. Rear Adm. Ralph W. West Jr., NPS superintendent, made opening remarks at the meeting.

Anyone who has questions concerning the fund drive may contact McClelland at ext. 2531.

contact the NPS Equal Employment Opportunity Office at ext. 2025 or Lt. Cynthia Nixon at 646-2536 and leave a message.

The NNOA is a non-profit organization sanctioned by the secretaries of the Navy and Transportation.

It was founded to support the sea-going services in the recruitment, retention and professional development of minority officers and to promote a positive image of the military within minority communities.

The Monterey chapter channels most of its resources into assisting the youth of the Monterey Bay by providing free math and science tutorial services, speakers as role models to schools and youth programs, awarding a scholarship each year, and continued support of the United Negro College Fund.

## International Day '92

### Monterey residents get a taste of different cultures

It was a chance to visit another country. The neat part was that you needn't go any further than the quadrangle at NPS.

International Day, held last Saturday from noon to 4 p.m., provided Monterey Peninsula residents an opportunity to sample food indigenous to countries from around the globe, as well as, arts, crafts, costumes and entertainment unique to each country.

Hosted by the NPS International Office and the International Committee, students, along with spouses, friends and relatives from 23 countries currently enrolled at the school took part in the day's festivities that welcomed an estimated crowd of more than 1,500.

"This was our first International Day in three years," said retired Marine Col. Gary Roser, director international programs. "Tickets for food samples were sold for the first time to help defray the costs and to raise funds for next year's event. Admission was free. All the food was local to the country," Roser said. "That was the whole idea. Including the United States; they had hot dogs and apple pie. Each of the countries tried to

select their native foods they thought would be enjoyed by Americans. Everyone pretty much sold out."

Roser said he expects next year's event to be even bigger and that more people will come.

The whole focus of this event, Roser explained, "is to highlight our international community at NPS so they can have a better intergration with the community of Monterey. This is our way of saying "thank you" to the communities."

"Those who attended were very appreciative for the opportunity to experience the wide variety of cultures represented," said Capt. Joe Begbie, director of military operations. "It was evident that the international students and their families had put a great deal of effort into preparations to make this a very special event."

Countries taking part in the day's festivities were: Argentina, Pakistan, Australia, Canada, Colombia, Ecuador, Sweden, Portugal, Singapore, Taiwan, United States, Germany, Korea, Peru, Turkey, Venezuela, India, Greece, Israel, Indonesia, United Kingdom, Spain and Italy.
